

To help you determine the cost of your visit and/or procedure, we have provided you with questions you may want to ask your insurance representative. You can print this form and use as a worksheet. Remember, answers can vary and are never a guarantee of benefits.

You will need the following information before you contact your insurance company:

Your name (or name of the insurance person)

The Employee/Patient ID Number (on your insurance card) or Social Security Number

Group Name/Number

The Patient's name and date of birth

Make sure you write down the date/time, name of the representative you speak with, and reference #.

Date of Call _____ Name of Rep _____

Reference Number _____

General Information:

Are Dr. Joseph Bird, Jr. or Dr. Barry Donesky In-Network with my plan?

Is a Referral required to see a specialist?

What is my specialist co-pay? \$_____ **or Is it Applied to my Deductible?**

In Network Deductible: \$_____ Amount Met: \$_____

Co-Insurance: _____/_____ % (examples 80/20)

Out of Pocket Max: \$_____

If we are out of network with your plan, you may have a separate out of network deductible, co-insurance, and out of pocket max.

General Questions:

Does my plan cover diagnostic **testing** of infertility?

Does my plan cover ***treatment** of infertility?

*If your rep states that "treatment of underlying causes of infertility" is covered, this unfortunately does not mean that your benefits include **coverage of infertility treatments**, such as, IVF or artificial insemination. This statement is used often and can be confusing. Ask your rep specific procedures listed at the bottom that may help clarify your coverage.

Does my plan list any exclusions regarding infertility?

Does my plan cover fertility drugs (*self-injectible medications)?

**These are not given in the doctor's office.*

Does my plan cover maternity?

Specific procedure (CPT) along with possible diagnosis (ICD-10): codes in parenthesis your insurance rep may need.

Semen analysis (89322, Z31.41)?

HSG (58340, Z31.41)?

Tubal Reversal? (58750, N97.1)?

IUI - Intrauterine Insemination (58322, Z31.89)?

IVF – In Vitro Fertilization (58970 or 58974, Z31.83)?
