

To serve you better, we are working on ways to notify you of your appointment and important notifications via email, voicemail, and/or through text messaging.

**Please select your preferred method(s):**

Name: \_\_\_\_\_ Date of Birth: \_\_\_\_\_

Email \_\_\_\_\_

Voicemail: (\_\_\_\_\_) \_\_\_\_\_ - \_\_\_\_\_

(If you choose voicemail, the SMS message will begin talking as soon as there is a connection, so if you have a long greeting before someone can leave you a message, you may miss the call. Voicemail does not mean we will leave results, only to check your portal.)

Text Msg: (\_\_\_\_\_) \_\_\_\_\_ - \_\_\_\_\_

**This is the option that works best. A text message will be sent to remind you of appointments or if there is inclement weather and we need to reschedule. It will also notify you when you have a message in your patient portal. It will never send a message regarding your personal health information.**

Signature \_\_\_\_\_ Date \_\_\_\_\_
